

You're invited!

WE'RE CELEBRATING AND SO SHOULD YOU.

- Join us in celebrating Public Power Week with an open house at our office 7:30 am to 4 pm Mon.-Thur. and 7:30 am to 11 am on Fri. We'll offer a small gift (while supplies last) for everyone who stops in.
- We're proud to be your locally owned, not-for-profit utility since 1907.
- We're one of just 2,000 public power communities nationwide. We offer reliable electric service with friendly hometown service, stable rates, local ownership and control, and a focus on helping local businesses stay competitive.

Public Power
Week is
Oct. 5-9.

At Lodi Utilities, we believe affordable public power strengthens our community and helps our neighbors. That's why, through WPPI Energy, we're partnering with other local not-for-profit utilities to share resources and lower costs.
